Louisiana State Licensing Board for Contractors

The logo for the Louisiana State Licensing Board for Contractors (LSLBC) consists of the letters "LSLBC" in white, bold, sans-serif font, centered within a dark blue rounded rectangle. To the right of the rectangle is a vertical dark blue bar.

## Electrical Power Substation

### Classification Description

Refers to the construction, maintenance or repair of electrical power substations and all internal components, including transformers, circuit breakers, reclosers, switches, fuses, rigid, strain, and overhead bus structures, insulators, wave jumpers, wave traps, related electrical transmission towers within or leading directly to the substation.

All **Electrical Power Substation** contractors must obtain a state contractors license to perform any job over \$10,000. Contractors applying for the classification of Electrical Power Substation must pass the Board's Electrical Work (Statewide) examination.

The study reference information for Electrical Work (Statewide) can be found on our website under the Examinations/Classifications section.
